

# RXSOL

VARANASI CHEMICAL | RX MARINE INTERNATIONAL

**RXSOL-21-2122-020**

PIPETTE Glass 3 ML (20 Pcs Pkt)

## Material Safety Data Sheet (MSDS)

### 1. Product and Company Identification

[www.rxmarine.com](http://www.rxmarine.com)

|              |                                |
|--------------|--------------------------------|
| Product Name | Carboxy Methyl Cellulose (CMC) |
| Product Type | RXSOL-81-8124-025              |

#### Company Details:

RX MARINE INTERNATIONAL  
105, A wing , BSEL , TECH PARK.  
VASHI ,NEW BOMBAY 400703 INDIA

|       |                                                          |

| Phone | +91 22 65113333 / 5555 / 9999                            |
| Fax   | +91 22 2781 1318 ::::AOH :0091 9821214367                |
| Email | <a href="mailto:mail@rxmarine.com">mail@rxmarine.com</a> |

### 2. Composition / Information on ingredients

[www.rxmarine.com](http://www.rxmarine.com)

| Name                           | CAS#      | % by Weight |
|--------------------------------|-----------|-------------|
| Carboxymethyl cellulose sodium | 9004-32-4 | 100         |

### 3. Hazards Identification

[www.rxmarine.com](http://www.rxmarine.com)

|                                   |                                                                                                       |
|-----------------------------------|-------------------------------------------------------------------------------------------------------|
| Potential Acute Health Effects    | Hazardous in case of skin contact (irritant), of eye contact (irritant), of ingestion, of inhalation  |
| Potential Chronic Health Effects: | Hazardous in case of skin contact (irritant), of eye contact (irritant), of ingestion, of inhalation. |
| Carcinogenic effects              | Not available                                                                                         |
| Mutagenic effects                 | Not available                                                                                         |
| Teratogenic effects               | Not available                                                                                         |
| Developmental toxicity            | Not available.                                                                                        |

## 4. First Aid Measures

www.rxmarine.com

|                      |                                                                                                                                                                                                                                                                                                                                                                                                |
|----------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Eye Contact          | Check for and remove any contact lenses. Immediately flush eyes with running water for at least 15 minutes, keeping eyelids open. Cold water may be used. Do not use an eye ointment. Seek medical attention.                                                                                                                                                                                  |
| Skin Contact         | After contact with skin, wash immediately with plenty of water. Gently and thoroughly wash the contaminated skin with running water and non-abrasive soap. Be particularly careful to clean folds, crevices, creases and groin. Cold water may be used. Cover the irritated skin with an emollient. If irritation persists, seek medical attention. Wash contaminated clothing before reusing. |
| Serious Skin Contact | Wash with a disinfectant soap and cover the contaminated skin with an anti-bacterial cream. Seek medical attention.                                                                                                                                                                                                                                                                            |
| Inhalation           | Allow the victim to rest in a well ventilated area. Seek immediate medical attention.                                                                                                                                                                                                                                                                                                          |
| Serious Inhalation   | Not available.                                                                                                                                                                                                                                                                                                                                                                                 |
| Ingestion            | Do not induce vomiting. Loosen tight clothing such as a collar, tie, belt or waistband. If the victim is not breathing, perform mouth-to-mouth resuscitation. Seek immediate medical attention.                                                                                                                                                                                                |
| Serious Ingestion    | Not available.                                                                                                                                                                                                                                                                                                                                                                                 |

## 5. Fire-fighting Measures

www.rxmarine.com

|                                                                    |                                                                |
|--------------------------------------------------------------------|----------------------------------------------------------------|
| Flammability of the Product                                        | May be combustible at high temperature.                        |
| Auto-Ignition Temperature                                          | 370°C (698°F)                                                  |
| Flash Points                                                       | Not applicable.                                                |
| Flammable Limits                                                   | Not applicable                                                 |
| Products of Combustion                                             | Not available.                                                 |
| Fire Hazards in Presence of Various Substances                     | Not applicable                                                 |
| Explosion Hazards in Presence of Various Substances:               |                                                                |
| Risks of explosion of the product in presence of mechanical impact | Not available.                                                 |
| Risks of explosion of the product in presence of static discharge  | Not available.                                                 |
| Fire Fighting Media and Instructions                               |                                                                |
| Small Fire                                                         | Use DRY chemical powder                                        |
| Large Fire                                                         | Use water spray, fog or foam. Do not use water jet.            |
| Special Remarks on Fire Hazards                                    | Material in powder form, capable of creating a dust explosion. |
| Special Remarks on Explosion Hazards                               | Not available                                                  |

## 6. Accidental Release Measures

www.rxmarine.com

|             |                                                                                                                                                                                                                                |
|-------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Small Spill | Use appropriate tools to put the spilled solid in a convenient waste disposal container. Finish cleaning by spreading water on the contaminated surface and dispose of according to local and regional authority requirements. |
| Large Spill | Use a shovel to put the material into a convenient waste disposal container. Finish cleaning by spreading water on the contaminated surface and allow to evacuate through the sanitary system.                                 |

## 7. Handling and Storage

www.rxmarine.com

|             |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |
|-------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Precautions | Keep away from heat. Keep away from sources of ignition. Empty containers pose a fire risk, evaporate the residue under a fume hood. Ground all equipment containing material. Do not ingest. Do not breathe dust. Wear suitable protective clothing In case of insufficient ventilation, wear suitable respiratory equipment If ingested, seek medical advice immediately and show the container or the label. Avoid contact with skin and eyes Keep away from incompatibles such as oxidizing agents. |
| Storage     | Keep container dry. Keep in a cool place. Ground all equipment containing material. Keep container tightly closed. Keep in a cool, well-ventilated place. Combustible materials should be stored away from extreme heat and away from strong oxidizing agents.                                                                                                                                                                                                                                          |

## 8. Exposure controls and personal protection

www.rxmarine.com

|                                              |                                                                                                                                                                                                                                                                                 |
|----------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Engineering Controls                         | Use process enclosures, local exhaust ventilation, or other engineering controls to keep airborne levels below recommended exposure limits. If user operations generate dust, fume or mist, use ventilation to keep exposure to airborne contaminants below the exposure limit. |
| Personal Protection                          | Splash goggles. Lab coat. Dust respirator. Be sure to use an approved/certified respirator or equivalent. Gloves.                                                                                                                                                               |
| Personal Protection in Case of a Large Spill | Splash goggles. Full suit. Dust respirator. Boots. Gloves. A self contained breathing apparatus should be used to avoid inhalation of the product. Suggested protective clothing might not be sufficient; consult a specialist BEFORE handling this product.                    |
| Exposure Limits                              | Not available.                                                                                                                                                                                                                                                                  |

## 9. Physical and chemical properties

www.rxmarine.com

|                               |                          |
|-------------------------------|--------------------------|
| Physical state and appearance | Solid. (Powdered solid.) |
| Odor                          | Odorless.                |
| Taste                         | Not available            |
| Molecular Weight              | Not available            |
| Color                         | White                    |

| Odor Threshold                | Not available.           |

|                        |                               |
|------------------------|-------------------------------|
| Water/Oil Dist. Coeff. | Not available.                |
| Ionicity (in Water)    | Not available.                |
| Dispersion Properties  | See solubility in water.      |
| Solubility             | Easily soluble in cold water. |

## 10. Stability and reactivity

[www.rxmarine.com](http://www.rxmarine.com)

|                                         |                                     |
|-----------------------------------------|-------------------------------------|
| Stability                               | The product is stable.              |
| Instability Temperature                 | Not available.                      |
| Conditions of Instability               | Not available.                      |
| Incompatibility with various substances | Reactive with oxidizing agents.     |
| Corrosivity                             | Non-corrosive in presence of glass. |
| Special Remarks on Reactivity           | Not available.                      |
| Special Remarks on Corrosivity          | Not available.                      |
| Polymerization                          | No                                  |

## 11. Toxicological information

[www.rxmarine.com](http://www.rxmarine.com)

|                                   |                                                                                                       |
|-----------------------------------|-------------------------------------------------------------------------------------------------------|
| Potential Acute Health Effects    | Hazardous in case of skin contact (irritant), of eye contact (irritant), of ingestion, of inhalation  |
| Potential Chronic Health Effects: | Hazardous in case of skin contact (irritant), of eye contact (irritant), of ingestion, of inhalation. |
| Carcinogenic effects              | Not available                                                                                         |
| Mutagenic effects                 | Not available                                                                                         |
| Teratogenic effects               | Not available                                                                                         |
| Developmental toxicity            | Not available.                                                                                        |

## 12. Ecological information
